

GEORGE MANTZIORIS

MOTION DESIGNER

DESIGN PHILOSOPHY

A motion designer with over 12 years of experience, I'm always striving to bring ideas to life with precision, creativity, and teamwork in collaborative environments through my expertise in After Effects and Premier Pro.

My goal with every project is to tell stories that are visually engaging and also resonate with audiences to elevate the brand experience.

EXPERIENCE

OpenText 2021-2025

Producer/Motion Designer

- Responsible for creating various types of internal and external videos from concept to completion.
- Initial scripting and flow development, followed by storyboarding to visualize and structure the project.
- Primary focus was 2D/3D motion graphics and storytelling, and communicating the message clearly.
- Worked on many projects that required a diverse skillset including filming, animating and editing.

Intersect (later CoreLogic) 2017-2021

Sr. Video & Motion Graphic Designer

- Responsible for producing a wide range of internal and external videos and motion graphics.
- Supported various departments, trade shows, marketing campaigns, and social media initiatives.
- Responsible for scripting, storyboarding, filming, and editing, and the creation of 2D/3D motion graphics.
- Collaborated with the design team to contribute to app and icon designs, and a cohesive user experience.

CBC News 2015-2017

Sr. Motion Designer

- Developed high-quality graphic stills and motion graphics for *CBC News* and *The National*.
- Contributed to broadcast-ready visual content seen by national audiences.
- Collaborated closely with editorial and production teams to deliver accurate and engaging graphics
- Supported fast-paced news storytelling and elevated the overall viewer experience.
